

OUR 2023 VISION

We are excited to announce that we have now completed 2 more homes, which brings us up to 13 King's Kids homes. This is far greater than we ever imagined. But, more importantly, we now have 152 children under our care. These are the children who were once lost and most vulnerable, but are now filled with joy and the assurance that their needs will be cared for.

A dedication ceremony was held on June 15 to dedicate our latest homes in Musese and Bukasasky.

Now, the question is — what's next?

Bring Kingdom Infrastructure to Rural Uganda

Build an orphan home to support 12 children and 2 house mommas:
\$35,000

Support 12 children with living expenses and education for one year:
\$11,520 (or \$960 per child per year)

Support women's sewing ministry for long-term sustainability:
\$500 buys a sewing machine, fabrics and notions

Our Partners:

Board of Directors:

Chuck Read	John Van Mouwerik
Nancie Read	Peter Henderson
Billy Austin	Wendy Loh
Bob Golba	

Fundraising Goals:

2023:	\$300,000
2024:	\$400,000
2025:	\$500,000

King's Kids Africa is a 501(c)(3) non-profit

Empowering the
Local Church to
Care for Orphans

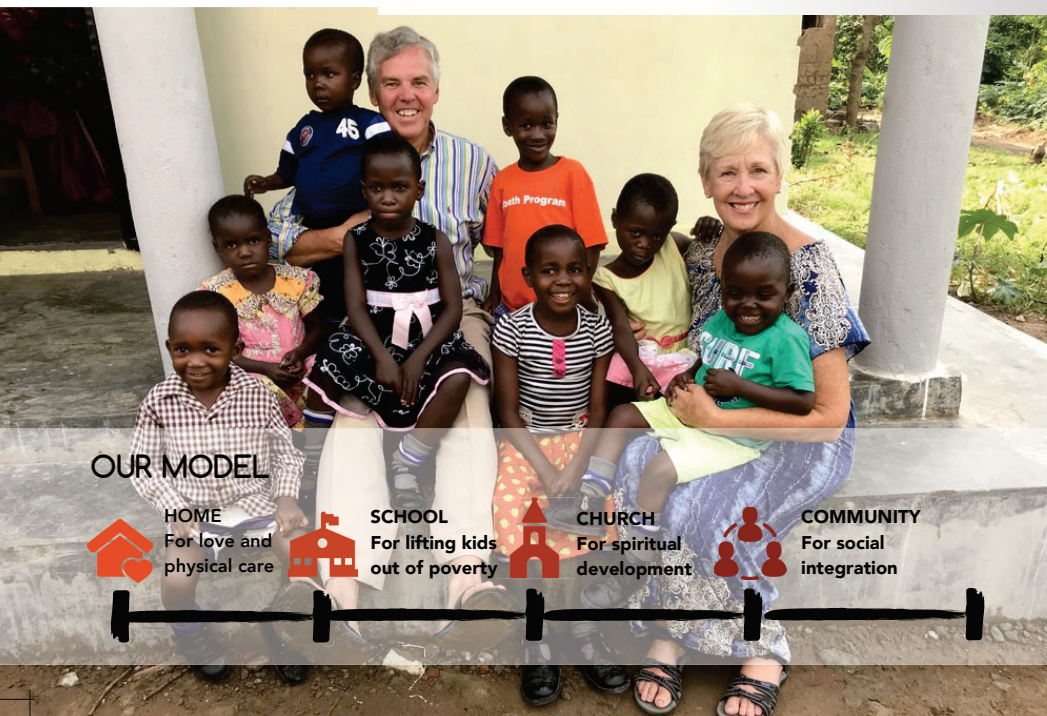

OUR MISSION

Our mission is to glorify and honor God by caring for orphans and the neediest of His children in Africa (with a focus on rural Uganda) by providing family-based care, education and a local church family.

Locked in Hopelessness

The cycle of poverty is an all too common reality for the orphans of Africa. Finding the key to executing quality orphan care that changes the trajectory of a child's life is vital.

- An estimated 2.5 million orphans are currently living in Uganda.
- Orphanages are often unable to equip children for life on their own after "aging out" (normally at the age of 18)
- Children's villages are often institutionalized and isolated from the broader community.
- Without a church family and the security of a loving home, children suffer mentally, emotionally, and spiritually.

OUR MODEL

OUR SUSTAINABLE APPROACH

Collaborative Church Partners

- Identify local churches in Uganda who have demonstrated a love for children and are doing all they can to care for orphans, but they need a helping hand.
- Provide the start-up resources and life care support for the orphan homes, while the local church retains full ownership and is responsible to achieve long-term sustainability.
- Position the local church to be viewed by the community as the care provider.

Invaluable Partners

Our two partners have been carefully chosen for their long-term records of cooperation and impact:

- **The Global Orphan Project** serves more than 12,000 children internationally and 30,000 domestically.
- **The Presbytery of East Africa** has planted more than 130 churches in Uganda and Kenya.

God and the Father is this: to visit orphans and widows in their trouble...

- James 1:27

Leverage Funds and Partnerships to Build Kingdom Infrastructure:

- **Homes** that will house orphans and the house moms (mostly widows) who will provide family-based care for the children, creating a new loving family.
- **Churches** that will spiritually and emotionally support the orphans and widows of the homes and transform the community for the kingdom of God.

King's Kids Africa is working through the local church to care for orphans and restore their dignity.
